

Dear customer,

We hope that your summer was great and you are now well rested and full of energy to meet us at the Marmomacc fair. Our presentation will be interactive, you can personally meet our team and for the first time touch the new star in our product portfolio - Genesis City Grey! Further information are to be found on our brand new website.

We look forward to meeting you,  
Your RMC team

#### MEET RMC AT MARMOMACC 2016

RMC is going to exhibit its products and service at the well-known event Marmomacc which takes place in Verona, Italy, from 28th of September till 1st of October. If you plan to go there, don't miss the opportunity to discover our **latest product news, real life displays made of RMC material or our hot colours cut in large dimensions.**

Visit us at [hall 12, stand B1 - 15](#) and enjoy our Portuguese hospitality.

come to see our

#### NEW PRODUCT: GENESIS CITY GREY

It is with a great pleasure that we present you our new product Genesis City Grey from the RMC Genesis collection. It has been created by an original **True Micro technology which brings smooth fine grain colors enriched with gentle veins.**

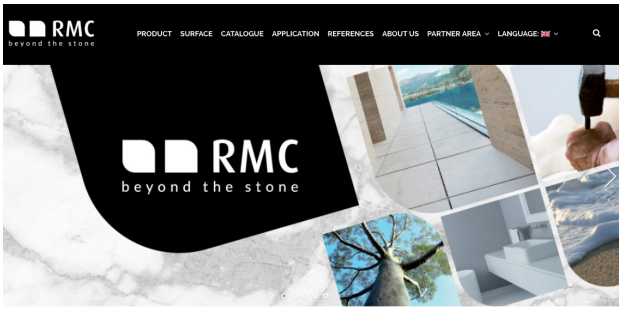

Genesis City Grey is the RMC's latest novelty which will be loved by many customers, not only from grey cities. They will admire its **extremely plain grey colour which is emphasized by few gentle white veins.** It is a brilliant counterpart for Genesis Carrara and therefore, perfectly complements the Genesis Collection.

#### NEW WEBSITE

We are very excited to announce the launch of our newly designed website! Visit us at our new web address [www.rmc-marble.eu](http://www.rmc-marble.eu) Our goal with this new website is to provide you, our customers and visitors, with an easier way to find out all information needed to choose RMC as the building material for projects of all sizes.

You'll find the most important information at the first glance: **product & material description with photos, clear presentation of surfaces, collections with individual products, application and much more.** Due to new automatic forms, the contact with us will be faster and easier. We think internationally that's why you'll find information in English, Portuguese, Spanish and Polish. We hope you find the new website with a fresh look and easy to access information relevant to your needs as it complies with our commitment to look beyond the stone and provide quality product & service.

RMC is **high-quality engineered marble** which is from the price/quality ratio point of view likely the best material for vanity tops, floors or wall cladding and which is **produced since 1980 in Portugal**.

Durability
